For over 70 years, Catholic Charities has partnered with others in advocating for justice and in assisting those in need by providing help for today and hope for tomorrow.

We Promote the life and dignity of all members of the community regardless of race, age or religion.

Rooted in this mission, Catholic Charities commits to providing advocacy and social services that maintain and expand the social safety net for families and individuals. Catholic Charities envisions that the dignity of each person is upheld and poverty is reduced as we respond in concert with collaborating partners in the region of the Diocese of Stockton.

Catholic Charities serves the entire community, not just Catholics. The late Bishop Blaire put it this way, “We serve people because we are Catholic, not because they are Catholic.”
